# **ROAD NAME APPLICATION**

## **For a New Road Name or Changing a Road Name**

### **POLICY TO INCLUDE ALL ROADS (INCLUDING PRIVATE) AS PER EXISTING ORDINANCE**

1. An application would be filed (supported by a petition with a reason for changing the name).
2. The name should be no longer than 15 letters, including spaces.
3. If the current road name has historical significance, including family names, it may have overriding consideration to making a change. Have Historian/Archivist review application for historical significance of existing road name and provide input for Board consideration.
4. Surveying Department will review Road Names against existing List to avoid emergency response confusion such as duplicate or similar names or names ending with Drive, Lane, Court, Way, etc.
5. In addition to legal notification requirements, the County will, as a minimum, give written notification to each property owner on the impacted road. On a case by case basis, consideration may be given as to whether it is necessary to give notification beyond the limits of the impacted road.
