**CALAFCO Comments:** This is a CALAFCO sponsored bill following up on the recommendation of the Little Hoover Commission report of 2017 for the Legislature to provide LAFCo's one-time grant funding for in-depth studies of potential reorganization of local service providers. Last year, the Governor vetoed AB 2258 - this is the same bill. The Strategic Growth Council (SGC) will administer the grant program. Grant funds will be used specifically for conducting special studies to identify and support opportunities to create greater efficiencies in the provision of municipal services; to potentially initiate actions based on those studies that remove or reduce local costs thus incentivizing local agencies to work with the LAFCo in developing and implementing reorganization plans; and the dissolution of inactive districts (pursuant to SB 448, Wieckowski, 2017). The grant program would sunset on July 31, 2024.

The bill also changes the protest threshold for LAFCo initiated actions, solely for the purposes of actions funded pursuant to this new section. It allows LAFCo to order the dissolution of a district (outside of the ones identified by the SCO) pursuant to Section 11221 of the Elections code, which is a tiered approach based on registered voters in the affected territory (from 30% down to 10% depending).

The focus is on service providers serving disadvantaged communities. The bill also requires LAFCo pay back grant funds in their entirety if the study is not completed within two years and requires the SGC to give preference to LAFCo's whose decisions have been aligned with the goals of sustainable communities strategies.

We were unsuccessful in getting the \$1.5 M into the budget so the author has decided to make this a 2-year bill and try again in the next budget. As this is a new Governor we are unsure about his willingness to make General Fund appropriations for items not in the budget.

**Summary:** Current law requires the Office of Planning and Research to be the coordinating agency in state government for environmental justice programs. Current law requires the Director of State Planning and Research to, among other things, coordinate its efforts and share information regarding environmental justice programs with various federal agencies. Existing law defines "environmental justice" for these purposes to mean the fair treatment of people of all

racess, cultures, and incomes with respect to the development, adoption, implementation, and enforcement of environmental laws, regulations, and policies. This bill would revise the definition of "environmental justice" to also include the meaningful involvement of people of all races, cultures, incomes, and national origins with respect to those same actions, and would provide that "environmental justice" includes, among other things, the availability of a healthy environment for all people.

Position Subject  
 Watch Environmental Justice

**CALAFCO Comments:** Amended on August 26 to reflect work between CALAFCO, the author and sponsors of the bill, the definition change in section 56668 now contains a definition specific to the context of the section rather than the same definition contained in 30107.3 of the Public Resources Code (which has been amended via this bill). It expands the scope of the definition of environmental justice (as one of the factors to be considered in the review of a proposal) to include national origins and a reference to the effects of pollution not being disproportionately borne by any particular population or community.

**Summary:** The California Safe Drinking Water Act provides for the operation of public water systems and imposes on the State Water Resources Control Board related responsibilities and duties. Current law authorizes the state board to order consolidation of public water systems where a public water system or state small water system serving a disadvantaged community consistently fails to provide an adequate supply of safe drinking water, as provided. This bill, the Consolidation for Safe Drinking Water Act of 2019, would authorize a water or sewer system corporation to file an application and obtain approval from the commission through an order authorizing the water or sewer system corporation to consolidate with a public water system or state small water system that has fewer than 3,300 service connections and serves a disadvantaged community, or to implement rates for the subsumed water system.

**CALAFCO Comments:** This bill would authorize a water or sewer system corporation to file an application and obtain approval from the PUC through an order authorizing the water or sewer system corporation to consolidate with a public water system or state small water system that has fewer than 3,300 service connections and serves a disadvantaged community, or to implement rates for the subsumed water system. The bill would require the commission to approve or deny the app. Unless the commission designates a different procedure because it determines a consolidation warrants a more comprehensive review, the bill would authorize a water or sewer system corporation to instead file an advice letter and obtain approval from the commission through a resolution authorizing the water or sewer system corporation to consolidate with a public water system or state small water system that has fewer than 3,300 service connections and serves a disadvantaged community, or to implement rates for the subsumed water system.

Current law requires the commission, in order to prepare and update spheres of influence in

accordance with this requirement, to conduct a service review of the municipal services provided in the county or other appropriate area designated by the commission, as specified. Current law defines "sphere of influence" to mean a plan for the probable physical boundaries and service area of a local agency. **Summary:** The Fire Protection District Law of 1987 provides that whenever a district board determines that it is in the public interest to provide different services, to provide different levels of service, or to raise additional revenues within specific areas of the district, it may form one or more service zones by adopting a resolution that includes specified information, fixing the date, time, and place for public hearing on the formation of the zone, publishing notice, as specified, hearing and considering any protests to the formation of the zone at the hearing, and, at the conclusion of the hearing, adopting a resolution ordering the formation of the zone. If a resolution adopted after the public hearing would substantially expand the provision of services outside of an existing service zone and the extension of service would result in those persons in the expanded area paying charges for the expansion of services, this bill would provide that the resolution does not become effective unless approved by a majority of the voters within the expanded service area.

**CALAFCO Comments:** As amended, the bill amends the Health & Safety code regarding the formation of zones within a fire protection district by requiring the district hold an election, regardless of the protest level, if the district wants to substantially expand (as defined in the bill) services outside the zone. This is unrelated to 56133. CALAFCO will retain a Watch position.

The bill, no later than March 1, 2020, would require the state board to provide written notice to cure to all public agencies, private water companies, or mutual water companies that operate a public water system that has either less than 3,000 service connections or that serves less than 10,000 people, and are not in compliance, for the period from July 1, 2018, through December 31, 2019, with one or more state or federal primary drinking water standard maximum contaminant levels, as specified.

**CALAFCO Comments:** This bill is very similar to AB 2050 (Caballero) from 2018. Several changes have been made. This bill is sponsored by Eastern Municipal Water District and the CA Municipal Utilities Assoc. The intent is to give

the State Water Resources Control Board (SWRCB) authority to mandate the dissolution of existing drinking water systems (public, mutual and private) and authorize the formation of a new public water authority. The focus is on non contiguous systems. The SWRCB already has the authority to mandate consolidation of these systems, this will add the authority to mandate dissolution and formation of a new public agency.

LAFCo will be responsible for dissolving any state mandated public agency dissolution, and the formation of the new water authority. The SWRCB's appointed Administrator will act as the applicant on behalf of the state. LAFCo will have ability to approve with modifications the application, and the new agency will have to report to the LAFCo annually for the first 3 years.

**Summary:** The Mitigation Fee Act, among other things, requires fees for water or sewer connections, or capacity charges imposed by a local agency to not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed, unless a question regarding the amount of the fee or charge imposed in excess of the reasonable cost of providing the service or materials is submitted to and approved by 2/3 of the electors voting on the issue. The Mitigation Fee Act defines the term "fee" for these purposes. This bill would revise the definition of "fee" to mean a fee for the physical facilities necessary to make a water connection or sewer connection, and that the estimated reasonable cost of labor and materials for installation of those facilities bears a fair or reasonable relationship to the payor's burdens on, or benefits received from, the water connection or sewer connection.

**Summary:** Current law requires the governing body of a public agency, within 70 days after the commencement of the agency's legal existence, to file with the Secretary of State, on a form prescribed by the secretary, and also with the county clerk of each county in which the public agency maintains an office, a specified statement of facts about the agency. Current law requires this information to be updated within 10 days of a change in it. Current law requires the Secretary of State and each county clerk to establish and maintain an indexed Roster of Public Agencies that contains this information. This bill would instead require the Secretary of State and each county clerk to establish and maintain an indexed Registry of Public Agencies containing the above-described information.
