**Subject:** Fiddletown Road Bridge Replacement Project - Schedule Update

Dear Property Owner and Interested Parties,

Construction of the Fiddletown Road Bridge Replacement project has been pushed back by one year. The project was previously scheduled for construction in 2015/2016 and has been rescheduled to begin construction in summer of 2017. The project team is currently completing environmental analysis and working through the environmental approval process. It is anticipated that Caltrans will provide the County with a Notice to Proceed with the Right-of-Way phase in the fall of 2015. The County will then begin discussions with property owners in early 2016. Construction is scheduled to begin in the summer of 2017.

Periodic project updates and additional information can be found on the Transportation and Public Works web site: <http://www.amadorgov.org/departments/transportation-and-public-works>. If you have any further questions regarding the project status or schedule, please contact me at (209) 223-6279.

Sincerely,

A handwritten signature in blue ink, appearing to read "Clifford Walker, Jr.".

Clifford Walker, Jr., Project Manager  
Amador County Department of Transportation and Public Works
