4. **California's 2017 Housing Package**

The revenues from SB 2 will vary from year to year, as they are dependent on a variety of real estate transactions with fluctuating activity. The fees collected are estimated to generate approximately $250 million per year. Subject to appropriation through the 2018-19 state budget, the State Controller’s Office will collect revenues quarterly and make those revenues available to the fund 30 days following the end of the quarter.

The breakdown of funding under SB 2 is shown below. More information may be found at the following website:
