Re: Tiger Creek Afterbay Low Level Outlet Replacement Project

Dear Mr. Nimick:

This is in response to the letter dated August 21, 2020 from Ms. Elisabeth Rossi that submitted responses to our comments on the Low Level Outlet Replacement Construction Package for Tiger Creek Afterbay Dam, which is part of the Mokelumne Project, FERC No. 137. We have reviewed the submittal and your responses are acceptable. PG&E may continue with the construction subject to the conditions in our July 28, 2020 letter.

We appreciate your continued efforts in this aspect of the Commission’s dam safety program. If you have any questions, please contact Mr. Cheuk Wan at (415) 369-3358.

Sincerely,
