Re: Tiger Creek Regulator Dam – Revised Subsurface Investigation Drilling Program Plan

Dear Mr. Nimick:

This is in response to a letter dated September 1, 2020 from Ms. Elisabeth Rossi that submitted the responses to our comments regarding the subsurface investigation drilling program plan for Tiger Creek Regulator Dam, which is part of the Mokelumne Project, FERC No. 137. We have reviewed the submittal, and the revised drilling plan adequately addressed our comments.

We appreciate your continued efforts in this aspect of the Commission’s dam safety program. If you have any questions, please contact Mr. Vincent Vigil at (415) 369-3315.

Sincerely,

Frank L. Blackett, P.E.
Regional Engineer
