Re: Tiger Creek Afterbay Gate No. 6 - Design Change No. 001 Notification

Dear Mr. Nimick:

This is in response to the letter dated October 29, 2020 from Ms. Elisabeth Rossi that submitted the design change notification (DCN) on the Gate No. 6 repair project at the Tiger Creek Afterbay Dam, which is part of the Mokelumne Project, FERC No. 137. We have reviewed the submittal and the DCN indicates that it was prepared by the Engineer-of-Record (EOR), but it was not signed by him. You may proceed with DCN No. 001, Rev. 2, but note that all DCNs should be clearly signed off by the EOR to indicate their concurrence with changes to their design.

We appreciate your continued efforts in this aspect of the Commission’s dam safety program. If you have any questions, please contact Mr. Vincent Vigil at (415) 369-3315.

Sincerely,
